

SUPER SEALER

A Matte Moisture Resistant Sealer and Sweat Stopper for all makeups

Cinema Secrets SUPER SEALER is the professional way to seal your makeup providing longer lasting freshness and durability.

This special matte sealing formulation holds makeup in place and provides a protective shield against moisture, humidity and the outside elements. When used prior to your makeup application, Super Sealer acts as a sweat and internal moisture inhibitor, great for humid climates as well as heavy production requirements.

To Use: Spray a light mist of Super Sealer over the entire face. Allow about a minute to dry and repeat if necessary. To use as a sweat inhibitor, spray a couple of light coats on the skin prior to any primer or moisturizer. Super Sealer allows the skin to breath, yet guards against moisture. Removes easily with cleanser and water.

Sizes Available:

- Daily Use 2oz - great for travel and daily use.
- Refill Size 8oz -

Super Sealer Uses:

- **Makeup Sealer:** Great to use over any type of makeup to seal and protect makeup from the elements. Matte formula eliminates shine.
- **Sweat Stopper:** Use prior to makeup application as a sweat inhibitor.
- **Clothing Protection:** Use Cinema Secrets Super Sealer as a protector from getting makeup on clothing like, collars, shoulder straps, and other clothing parts that come into contact with makeup.
- **Sealing Fluid:** Use Super Sealer instead of water for all water-applied foundations.
